CO3-AT1 - Debugging

Programming in Java

Student Name	K. V. S. S. Jeswanth Babu
Register No.	192472012
Course Code	CSA0904
Course Name	Programming in Java
Assignment	CO3-AT1 - Debugging

Your Code

```

1 public class ThreadJoinDemo {
2     public static void main(String[] args) {
3         Thread worker = new Thread(() -> {
4             for (int i = 0; i < 5; i++) {
5                 System.out.println("Working: " + i);
6                 try {
7                     Thread.sleep(500);
8                 } catch (InterruptedException e) {
9                     System.out.println("Worker interrupted. Stopping..");
10                    Thread.currentThread().interrupt(); // restore flag
11                    return; // stop the worker thread
12                }
13            }
14        });
15
16        worker.start();
17
18        worker.interrupt(); // request interruption
19
20        try {
21            worker.join(1000); // wait up to 1 second
22        } catch (InterruptedException e) {
23            System.out.println("Main thread interrupted while waiting.");
24            Thread.currentThread().interrupt();
25        }
26
27        if (worker.isAlive()) {

```

Input

```
stdin input
```

Output

```
Working: 0
Worker interrupted. Stopping...
Worker finished
```

18  
19        String str = null;  
20        try {  
21            System.out.println(str.length());  
22        } catch (NullPointerException e) {  
23            System.out.println("Caught null pointer");  
24        }  
25        finally {  
26            System.out.println("Finally block executed");  
27        }  
28    }  
29 }
```

Input

stdin input

Output

```
Caught array index out of bounds  
Caught number format exception  
Caught null pointer  
Cleanup  
Caught IOException: failure
```
